## GLENN LEONARD BIOGRAPHY

Glenn Leonard is a native of Washington D.C., growing up in DC and North Carolina.

Glenn started singing at the early age of 6 years old. At the ripe old age of 13 he began to earn a living performing on stage: for parties, concerts, and as a recording artist.

Glenn had a dream of being a successful, established professional entertainer. Through diligence, hard work and determination, Glenn successfully established 3 groups by the time he was in his early 20's: The Chancellors, The Instant Groove, and The True Reflections. He was also a member of another popular and successful recording group from DC called The Unifics.

He recorded international releases with his first group, The Chancellors, on Cap City Records, a subsidiary of Septar Records and later his third group The True Reflection on Atlantic Records.

He then came to the attention of the world renowned Tempts in 1975. Glenn had a long illustrious career as their first tenor and lead singer from 1975 to December of 1983.

Glenn sang on 10 albums with the supergroup. Most noted for songs like, I'm on Fire; Go for It, The Best of Both Worlds, Eyes, Ever Ready Love, and the classic Silent Night from their world-reknown Christmas Album.

After leaving the group in 1984, he became a born again Christian. Mr. Leonard entered into the ministry full-time and was licensed in 1986. He became ordained and received a doctorate degree in the early 90's. After starting several churches in the Houston, TX area, Glenn began touring internationally again with his own group in the late 1990s.

## Some thoughts from Glenn Leonard

My most memorable moments with the Tempts was when I joined in 1975. Just the idea of being part of something that you dreamed about as a youngster was a tremendous experience to say the least.

It was also a tremendous challenge to uphold the tradition and legacy of what they had already accomplished and to be counted qualified to be apart of what the group meant to so many other young people as a point of inspiration.

Motown meant so much to our people and our country at the time when they first came on the scene. It gave us a sense of hope and pride and great possibility for the future. Many wonderful doors opened in the industry for our people.

The next most memorable moment was when we did the "Reunion". It was a privilege and an honor to have been out on stage and sing on the same recording with the likes of Eddie Kendricks, David Ruffin, Dennis Edwards, Richard Street, Otis Williams and the greatest bass singer to ever live Melvin Franklin. There were 7 of us on stage --- and it was truly an amazing and memorable time!

In 2002 I had a brain storm: why not reunite some of these great talents with a shared history and give the history back to their fans?

I began bringing in other ex-Tempts to be special guests in performing with my group "Legendary Singers of Motown". We've had some amazing talent perform with my group: Damon Harris, Ollie Woodson, GC Cameron, Bo Henderson, and the late Ray Davis and Harry Barry. As a tribute to the super talented supporting cast and standards that we uphold, Joe Herndon, the current bass singer with the Temptations, was hired by Otis from my group. I still stay in touch with many former and current members of the group.

Currently, the guys in my group are all stand up talents, and stand up men! They've been with me for many years, and before that they all performed with other national recording groups, and even other former Tempts. **Trust me when I say this show isn't just a local tribute act. You will not be dissapointed.** In addition to the world-class vocalists on stage, we also play with world-class musicians. This is as good as it gets. We are looking to continue to give our fans an experience they will never forget. Their support has certainly changed all of our lives forever!

While the American music scene has undergone many drastic changes within the last 20 yrs. from Rock-n-Roll - R&B - Heavy Metal - Hard Rock. From Pop to Rap to Hip-Hop.

Perhaps the most consistent Motown act from the very beginning, with all many obstacles highs and lows, they had to endure even up to now, both in terms of record sales and appearances, has been the Tempts.

Even today, their music dominates the airways on everything from light rock, contemporary R&B stations, to oldies.

What is perhaps most remarkable about the group has been their ability to completely change personnel over their 40 year history without affecting the quality of their music, or performances.

That is because each individual member, from the very beginning, has had a unique superstar quality.

As early as 1971 some of the early original members began leaving the group for highly successful solo careers. The first to leave were David Ruffin and Eddie Kendricks, whose success as a solo performers and as a duo reached Rock-n-Roll Hall of Fame status.

Glenn Leonard had a long illustrious career as the First Tenor and Lead Singer of the group from 1975-1985.

Glenn Leonard is a native of Washington D.C. and was a veterans of numerous groups through out the 60's and 70's before joining the Temps, such as, the Chancellors, Instant Groove, True Reflections and the Unifics.

Most noted for songs like, Every Ready Love, I'm on Fire, Power, Give Love on Christmas Day and his signature song Silent Night. These are just a few songs from the 10 albums Glenn recorded as a member of the group.

Glenn Leonard is no longer a member of the group, but his own legacy lives on!
